As a **Business and Economics** student with international experience specializing in **strategic management, marketing, and operations**. Skilled in **process optimization, logistics coordination, and data-driven decision-making**.

EXPERIENCE

Vice President of Marketing

University of Waterloo Economics Society (UWES)

09/2025 – Present
Waterloo, ON

- Lead marketing and branding strategy for UWES, overseeing event promotions, digital campaigns, and strategic collaborations.
- Manage a marketing team of three coordinators and one web content coordinator, conducting interviews, onboarding, and performance reviews.
- Develop new marketing strategies and cross-club partnerships, increasing event engagement and student participation.
- Streamline campaign workflows and design processes, improving content turnaround and branding consistency by 40%.

Marketing, Social Media, and Salvage Partnerships Assistant

Habitat for Humanity Windsor-Essex

01/2025 – 04/2025
Windsor, ON

- Managed outreach and logistics for the Kitchen Salvage Program; created content showcasing live removals to promote sustainability and community impact.
- Secured donations and partnerships with **40+ local businesses**, boosting ReStore inventory and revenue.
- Proposed and designed a **HubSpot CRM and mobile app integration** to streamline bookings, donor tracking, and volunteer engagement.
- Led a **social media strategy** that doubled engagement within one month and enhanced program visibility.

AI / ML Analyst

Smart serve / University of Waterloo

05/2024 – 08/2024
Waterloo, ON

- Achieved certifications in **Azure AI Fundamentals (AI-900)** and **Azure Fundamentals (AZ-900)**.
- Collaborated with **Smart Serve Ontario** to enhance online course integrity using **AI technologies like voice recognition and eye tracking**.
- Improved customer service by optimizing chatbot performance, reducing response time by 30%.
- **Conducted data analysis to enhance course effectiveness**, contributing to a **20% increase in cheating detection accuracy** and a **25% boost in customer satisfaction**.
- Delivered a strategic plan that **improved cheating detection accuracy by 20%** and **enhanced customer satisfaction by 25% through AI-driven automation**.

PROJECTS

F1 in Schools – Business & Sponsorship Strategy Project

09/2017 – 09/2020

Sponsorship Manager

- Designed and executed a **comprehensive business and marketing strategy** for the F1 in Schools competition, focusing on brand positioning and sponsorship acquisition.
- **Secured funding from multiple corporate sponsors** (NUTRIADVISE, VITRAN, A.B.E.C 157, JKM MOTORS) through professional outreach and partnership proposals.
- **Developed data-driven marketing presentations** using Excel, Tableau, and PowerPoint to demonstrate financial forecasts, market analysis, and ROI potential.
- Earned **national-level recognition** for analytical thinking, business planning, and presentation excellence.
